OTHER MONITORING TOOLS

- **Reform of Parliament regulations: more information on committee discussions and votes**
- **Request transparency on economic interests and judicial track**
- **More work with MPs**
- **More work with international PMOs**

OPEN ACTION

A web platform to support social initiatives (law suits, petitions, class actions) based on a certified communication channel with the decision-makers: we identify the claimants, we certify their consent and track the communication with the decision-makers.

OPEN MUNICIPIO

official political-administrative data provided by those municipalities that will join in the project, to provide citizens with information and monitoring services for their active participation in their own municipality
